

Spotlight on Style Card Set

Stamping Class

Let me show you how to get the most out of your stamping investment. In this class, we will create four unique all-occasion cards using one all purpose greeting stamp set, an artistic stamp set, some ribbon and a few techniques. From wonderful to 'WOW' using a few essential supplies.

I'll also show you how you can take the same card design and use it for a formal occasion such as a wedding or baby shower. If you love stamping, you are not going to want to miss this class.
