

Medallion One Sheet Wonder Card Set

Stamping Class

Join us for this class and make 10 beautiful cards fast using a unique One Sheet Wonder template. A One Sheet Wonder is a technique for using a single stamped sheet of cardstock cut into multiple pieces to create a quick-to-make set of cards, 3-D projects or scrapbook pages. I'll also be showing you how our versatile Medallion stamp can add interest and color with the Baby Wipe Technique. This set features rich colors that span the seasons making it a perfect set to use year round or give as a gift for any occasion.
